ABOUT US

VISION + MISSION

Our mission is to make the most of life and the least of cancer.

Established in 1945, Little Red Door Cancer Agency is Indiana's oldest cancer agency. We help underserved Hoosiers battling cancer, educate the public

about cancer prevention and provide survivor health programming to uninsured and underinsured Hoosiers in central and east central Indiana.

Ways to Give: PLANNED GIVING

A bequest is a simple way to make a significant gift to help those in need. When you include Little Red Door Cancer Agency in your will or trust, you become a member of our Bold Society and support the future of Little Red Door's services for adults and children on the cancer continuum. Whether you would like your donation to make an impact today or go into effect after your lifetime, there is a charitable plan that lets you provide for your family and support Little Red Door.

FACE OF HOPE BREAKFASTS RAISE OVER \$441,000 IN 2019

An incredible \$441,288 was raised in 2019 through our annual Face of Hope Breakfast events. This wouldn't have been possible without support from donors like you. Thank you! Each year, we host two Face of Hope Breakfast fundraising events: one in Indianapolis and one in Muncie. These are our largest fundraising events of the year. 2019 was the 2nd year for the breakfast in Muncie, and the 12th year for Indianapolis.

Proceeds from the Face of Hope Breakfasts provide transportation to and from cancer treatments, support services and therapies, nutritional supplements and more to help underserved cancer patients in Indiana make the most of life and the least of cancer. To learn more about becoming a table captain or a sponsor, please contact Chief Advancement Officer Mandy Pietrykowski at MPietrykowski@littlereddoor.org or call (317) 920-4685.

“For our clients, Little Red Door is comfort, security and family.”

*Kara Biro,
Client Navigator*

CLIENT NAVIGATION

Navigation is the backbone of the work that takes place each day at Little Red Door.

When a new client comes to Little Red Door, they go through a brief intake process to assess their needs. Once their intake is completed they are assigned to one of the client navigators on staff.

From there, the client navigator becomes their link to Little Red Door, providing holistic care and direction to client-centered services.

Client navigators work with clients to schedule transportation as well as fill their orders for nutritional supplements. Beyond these day to day tasks, navigators

provide emotional support to clients. Often a client will share their good or sometimes bad news with the client navigator first, and the navigator is there to walk alongside them and support them emotionally.

Frequently, cancer taxes a patient's support system. Little Red Door helps to fill the support gaps for our clients. Through these conversations, navigators encourage clients to attend Door to Wellness support programs that are a good fit for them. Whether that's psychosocial support or a yoga class to manage pain, our navigators assess their need and recommend what is going to best support the client.

12,253

In 2019, we provided 12,253 navigation services, serving 2,067 unique clients.

This is an increase from 8,789 services in 2018.

For more information on our navigation services, contact us at any of our four locations.

Door to Wellness

OUR HOLISTIC APPROACH TO WELLNESS

Cancer survivors face unique challenges. The side effects of cancer treatment can result in barriers to wellbeing such as pain, reduced strength and flexibility, digestive system issues, lymphedema, fatigue, social isolation, and suppressed immune system.

Our Door to Wellness programming offers our clients a space and opportunity to join a community of people in treatment, survivors and their loved ones facing the same journey and similar challenges.

Fitness, nutrition and social connection programming along with side effect management help our clients design their new normal in ways that make sense for them.

Educational and participatory programming puts a client in charge of their physical fitness, nutritional intake, energy levels, sense of meaningful connection, optimism, and sense of resiliency. Every bit of Door to Wellness programming is designed with the particular needs and desires of cancer survivors in mind. And perhaps most importantly—it's fun!

In 2019, 657 clients participated in Door to Wellness activities.

We provided 6,105 Door to Wellness activities throughout the year.

"After several months of great success, after my surgery and coming in for massages, and being able to come in and stretch with yoga and just have conversations...my life became whole again."

*Charlene Wingate,
Little Red Door client*

COOKING, YOGA, FITNESS, MASSAGE & more!

Cooking Classes
Cooking classes take place each week in Indianapolis to teach clients how to make healthy, easy-to-follow recipes that can take home to their own kitchens.

Yoga
We host chair relaxation yoga, basic hatha yoga and restorative yoga each week to improve balance and flexibility and improved breathing techniques.

Massage
Massage therapists are on site in Indianapolis and in Muncie throughout the month to offer therapeutic massage.

Fitness
Fitness classes are in partnership with the YMCA. They host LIVESTRONG, Enhance, PiYo, and a rotating fitness class each quarter. Each class is uniquely created with cancer survivors' needs and abilities in mind.

YOUTH services

At Little Red Door, our mission is to make the most of life and the least of cancer—for people of all ages. Our clients range in age from 18 months to 94 years old.

When cancer happens, it affects the entire family—especially for our pediatric clients.

Children with cancer are even more dependent on those around them to care for them. At Little Red Door, our mission is to ease the burden that cancer creates for everyone affected. We provide our pediatric clients with the same care as our adult clients: transportation to and from treatment, nutritional supplements, and Door to Wellness programming, with the addition of multiple camp experiences throughout the year.

➤ At Little Red Door, we have the only state-wide youth services program in Indiana, serving all 92 counties. Our camp, Camp Little Red Door, is the oldest camp for pediatric cancer patients in the state, and the second oldest in the country.

Camp Little Red Door

Camp Little Red Door is a chance for children who have been affected by cancer to have the same camp experience as any other child, and to interact with other kids and families facing similar experiences.

Camp is a year-round initiative with four camps a year. Any child who is in cancer treatment or beyond, or has a parent or guardian who has cancer is eligible to attend. Camp is free to attend thanks to our generous donors.

Summer Camp at Bradford Woods

This is a week-long residential camp held each year in June at Bradford Woods in Martinsville, Indiana.

Camp activities include swimming, canoeing, archery, horseback riding, zip lining, nature education, rock climbing, arts and crafts, campfires and more.

Camp Little Red Door in the City

Started in 2018, Camp Little Red Door in the City offers a week-long day camp experience to any child in or beyond cancer treatment and all of their siblings or a friend. Each day of camp, participants will venture into the community to enjoy specialized activities with Indianapolis community partners.

Family Camp

Held over a weekend at Bradford Woods in the spring and the fall, Family Camp is an opportunity for the entire family to experience camp. It is offered to any family in Indiana with a child in or beyond cancer treatment or with a parent in or beyond cancer treatment. Parents and all siblings are welcome to come spend time in the woods swimming, hiking, fishing, and cooking out among other families who understand the journey.

“Camp has changed me, because now I feel like I’m not the only one—there are other kids like me. It’s easy to make friends here because you have something to relate to; you have *someone* to relate to.”

Ryan, age 13

Transportation program provided over 31,000 rides to cancer treatment

➔ Transportation to cancer treatment is one of the most significant barriers for cancer patients.

Through our transportation program, Rides of Hope, we provide free transportation to and from treatment for people with cancer who do not have a ride or are unable to drive themselves. We coordinate and schedule rides for our clients or provide them with gas cards.

“Research tells us that cancer patients who do not comply with their treatment as prescribed have higher mortality and recurrence rates than cancer patients who are compliant,” Little Red Door’s Director of Client Services, Amanda Heckelsberg Wolfe said.

“Yet among many cancer patients, particularly patients of lower resources, transportation to and from cancer treatment five days a week for six straight weeks can be a significant barrier to treatment completion.”

31,258
In 2019, we provided 31,258 rides for cancer patients to and from cancer treatment. This is 14,293 more rides than we provided in 2018.

“The staff is wonderful in getting cancer patients back and forth to their appointments. The things they have at the Little Red Door [are] so amazing and wonderful. A comfort to those of us going through this illness to know we are not alone.”

Gala Everett,
