

Little Red Door Cancer Agency Care Package Blanket Tutorial

1. Start with two pieces of fabric that measure approximately 4'x6' each. Lay the two pieces together with the colorful sides facing outward.
2. With the fabric lined up together, trim off any excess fabric to make the two pieces line up more smoothly.
3. Cut out a 3-4 inch square from all four corners.
4. Cut slits, almost like a fringe, about 3-4 inches deep all the way around the fabric. Make sure you cut deep enough so that you can tie the pieces together. The slits should be as long as the squares you cut from step 3.
5. Tie each top slit to its corresponding bottom slit into double knots. Don't pull the knots extremely tight as they will continue to tighten over time.
6. Continue tying all the way around the edges of the fabric until your blanket is complete! Thank you for making the most of life and the least of cancer with us!
